## **DETAILED ACTION**

## Election/Restrictions

- 1. This application contains claims directed to the following patentably distinct species:
  - a. The knife as shown in figures 1-9 and 13-16.
  - b. The knife as shown in figure 10.
  - c. The knife as shown in figure 11.
  - d. The knife as shown in figures 17-19.
  - e. The knife as shown in figures 21-28.
  - f. The knife as shown in figure 29(a) and (b).
  - g. The knife as shown in figures 30-34.
  - h. The knife as shown in figures 35-39.
  - The knife as shown in figures 40-43.
- 2. The species are independent or distinct because they disclose distinct variations of a locking knife mechanism.

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, claim 1 is generic.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims

readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which depend from or otherwise require all the limitations of an allowable generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species.
